## SAGE-BRUSH SIFTINGS.

E. L. Bailey was in from his Mill Creek ranch Monday.

There is a paper at Lake Tahoe called the Tattler.

District Attorney Cresswell is expected home this week.

Assessor Hull is in this end of the county on official business.

Mrs. J. D. Park and family are visiting friends at Verdi.

Mrs. G. H. Neace of Austin, is here visiting among friends.

Carl Hawes returned home last week from a trip to Chicago, Ill.

The American Exchange Hotel sits a good table for 25c a meal.

Always on hand at the R. R. market; fresh fruit and vegetables.

We have not heard any one spoken of yet for Sheriff of this county.

Philadelphia Brewery keg beer on tap at the R. R. Exchange saloon.

A new Republican paper is to be started at Winnemucca in a few days.

The Manhattan mines at Austin are not sold yet but the prospect for a sale is very good.

The Independent says that 40 men could find employment at Elko and thereabouts.

The Paradise Valley Mining company have declared a dividend of 25 cents per share.

Mrs. J. A. Brown returned from Tuscora last Saturday where she has been visiting relatives.

The NEVADAN learns that a sale of the Grey Eagle mine at Bullion is contemplated by its owners.

L. J. Hanchett, the well known mining expert, passed through here this week en-route for Chicago.

We are reliably informed that B. F. Wilson will be a candidate for long term County Commissioner.

It is reported that the N. C. Ry. employees will lay over at this end of the road after the first of the month.

Samuel Jolin, the man who tried to commit suicide at Galena some weeks ago, is improving and likely to get well.

S. L. Cohoon leaves to-day for Clifton, near Austin, to bore an artesian well for the N. C. R. R. company at that place.

Mrs. E. L. Bailey returned home from California last week whither she has been attending the funeral of her mother.

Work is progressing on the Grey Eagle mine at Bullion and appearances indicate that a shipment of ore will soon be made.

A Wool Growers' Association will be formed at Winnemucca a week from to-morrow by those having flocks of sheep in the state.

It is estimated that the total amount of solid money in circulation in the world is \$3,250,000,000 and of silver money \$2,800,000,000.

Appeal: The men who will be nominated on the state ticket this fall must have good Republican records and certificates of party service.

Carson's anti-Chinese League is to have a newspaper of its own, as all the other papers published in that place have ceased to support the order.

The Reveille says: "A Nicholls is gaining ground every day for governor." There is no doubt about his nomination if that paper favors it.

Free Lance: The Nevada Union is the name of the new daily paper to be started in Carson. The paper will be in size the same as the Index, and its first issue is expected to be out by Wednesday next. Judge C. N. Harris will be its editor, and W. A. Goff its business manager.

The Austin Reveille is to be congratulated on its knowledge of our public school. It probably obtained its information from an unreliable source.

I. P. Weaver and wife arrived here from Willow Creek, Humboldt Co. Tuesday. Mr. Weaver will take a situation with the Pittsburg Mining company as bookkeeper.

Reno Journal: Bobby McGinley is again heard from. This time he appears as the father of a bouncing 9th baby boy, on July 22d, at his residence, 103 California Avenue, San Francisco.

I. P. Weaver should be appointed Justice of the Peace at Lewis. He is better qualified for the position than either of the two applicants, and in fact make the best justice that we have ever seen in this county.

Secretary Stoddard is already receiving letters requesting him to reserve space in the pavilion for the display of articles at the Nevada State Fair this fall. One firm has written for 15x35 feet.

Silver State: Commissioner Thos. Shone has sold his sheep to William Stock of Paradise, who will move them to L. L. Rickard's place in Grant county, Oregon, seven or eight miles from the Humboldt line.

Senator W. M. Stewart will speak here some time between the 10th and 20th of next month, when a train will be run between here and Lewis for the accommodation of all who desire to hear him, and attend the ball which will be given after the speaking is over. Free transportation, free speech and free ball. Every one should attend who can.

### See to It.

How is it that our Board of County Commissioners have not provided the necessary books and stationery for the opening of the Registry books as provided by law. The books are not open in this precinct because the agent has not been thus furnished. There has been a mistake some place and it should be looked after at once.

### Read This.

D. L. Huntsman is making some fine pictures. Now is the time to get your work done as he will only remain here for a day or two longer. Remember that he can take a picture of yourself or your house and guarantees them to be first-class. Responsible parties are not required to pay until the work is finished.

### Fruit in Transit.

The Supreme Court of California has decided that the consignee of fruit shipped from that state to Chicago has no lien on the fruit until it is delivered. The mere fact the fruit is labeled to him on the cars there does not give any party the right to levy upon it while en-route.

### Money Order Fees.

By order of the Postoffice Department the fees on domestic money orders have been reduced. The new schedule, which goes into effect to-day, is as follows: For sums not exceeding \$5, five cents; over \$5 and not exceeding \$10, eight cents; \$10 to \$15, ten cents; \$15 to \$20, fifteen cents; \$20 to \$30, twenty cents; \$30 to \$40, twenty-five cents; \$40 to \$50, thirty cents; \$50 to \$60, thirty-five cents; \$60 to \$70, forty cents; \$70 to \$80, forty-five cents; \$80 to \$100, fifty cents. This is a considerable reduction in fees, as the present fee for a money order not exceeding \$5 is eight cents, and the larger amounts, as above designated, in the same proportion.

### The Senatorship.

The Los Angeles Express edited by H. Z. Osborne and E. R. Cleveland, both old time Nevadans, has this to say about the senatorial question in Nevada: There is every prospect of a lively campaign in Nevada this fall, the seat in the next senate being the objective point. James G. Fair in his characteristic way has thus far dodged the question whether or not he will be a candidate, but it is generally believed that he will be. Ex-Senator William M. Stewart of Carson City, will in all likelihood be the Republican candidate. As between ex-Senator Stewart and Senator Fair there is no comparison. Stewart, in mind, character and force, as well as in physique, is one of the big men of the Pacific coast. He would accomplish more for the west in a term than Fair would in a century. In fact, compared to Fair he is a giant to a pigmy, except in the one quality of wealth. It remains to be seen whether Fair's vast fortune will outweigh Stewart's ability and past public services.

## Latest Boycott Decision.

The Tribune's Richmond special of July 22d says: The United States Marshal of this district this evening served a notice on the officers of the Richmond Typographical Union and the editor of the Labor Herald, prohibiting them from publishing in that paper or elsewhere the name of persons who are patrons of a boycotted firm in this city which employs non-union printers. Judge Bond of the United States Court issued the order in Baltimore last night. The order prohibits the persons enjoined from causing or inducing publicly or privately, others to boycott the firm. The Labor Herald is virtually suppressed, for one edition having the matter is now printed, which would render the paper under the injunction. The order is the most far reaching issued in the direction of preventing boycotting.

## Patagonia Gold.

Reports of gold discoveries are coming to the surface. The Buenos Ayres Standard states that the reports of discoveries of gold in Patagonia have excited the greatest interest. The steamers from the south continue to bring favorable accounts. "It appears that with regard to the existence of gold in the valley of the Rio Gallegos there is no manner of doubt; bottles of samples have come up, and in the window of an exchange shop in Montevideo there is to be seen a large lump of Patagonian gold." According to the same authority the Argentine government was in possession of more information about the gold discoveries than had been given to the public.

## The Bishop Accedes.

The Reno Gazette of Friday says that Bishop Whitaker has accepted the appointment of Assistant Bishop of Pennsylvania, with his home in Philadelphia. He will leave Reno about the middle of September. Who will succeed him has not been decided, but it has been suggested that Nevada be left provisionally in his charge, and it is not unlikely that that will be done. If so he will spend three months of the year in Nevada. That would enable him to look after the school and to visit the parishes that could be reached by rail. Nevada being a missionary jurisdiction, the Bishop is elected by the House of Bishops, which meets in Chicago in October, and their action must be confirmed by the House of Clerical and Lay Deputies.

## Latest News Items.

London Truth accuses the Prince of Wales' sons of plagiarism in their book written while at sea. They have copied from Charles Kingsley's "At Last."

The Colorado Midland Railroad Company has just let contracts for grading its road-bed from Colorado Springs westward to Platte river, near Florissant river.

A motion was made in Court at Buffalo, N. Y., yesterday, on behalf of Henry Richmond, of the firm of Clay & Richmond, lithographers, for the appointment of a receiver.

The Savannah steamship Gate City, which ran ashore on Naushon Island on Sunday night, has been abandoned as a total loss by F. W. Nickerson & Co., and turned over to the underwriters.

The directors of the Lowell Bleachery, a large and wealthy concern, have removed Samuel G. Snelling from the office of treasurer, which he has held for twenty-five years. The amount of his defalcation is not known, and it may be anywhere from \$200,000 to \$500,000.

The Knights of Labor of New York have taken a decided stand upon two important matters. They have undertaken the task of lifting the boycott from Ethre's beer and have also determined to drive all cigarmakers—both Progressive and International—out of the Order.

The first bale of the new crop of hops, known as "Palmer Seedings," grown at Cooperstown, N. Y., was received at the New York Produce Exchange by John R. Scott & Co. Wednesday, and was bought by the Long Island and New York Ale-brewing Company at 50 cents per pound.

The Operative Potters' Association of the United States, now in session in Trenton, N. J., have decided to become a National District Assembly of the Knights of Labor, and yesterday General Secretary Frederick Turner formally commissioned them as the National Potters' District Assembly.

According to the official returns received by the Department of the Interior, only 900 out of a force of \$5,000 volunteers who participated in the suppression of the late Northwest Rebellion have accepted land warrants, entitling them to ownership of 320 acres of land in the Northwest territory.

The Chicago Tribune's Ottawa, Ont. special says: The eyes of Canadians are being gradually opened to the political corruption on the part of the Legislature, and especially members of Sir John Macdonald's Cabinet. The approaching general election will probably unseat the present Ministry.

The New York Herald's London cable special says: Tennyson's "Becket" was Wednesday afternoon played pastorally near Wimbledon. Lady Archibald Campbell was Fair Rosamund, Mackin the Cardinal, and Queen Eleanor was given to Genevieve Ward, her only appearance this season in England. The Princess of Wales were among the audience.

Mr. McKenny, a leading merchant of Portland, Me., says, concerning Mr. Bayard's recent statements: "Mr. Bayard has been grossly misinformed. Less than one fifth of the crews of American fishing vessels are Canadians, and 5 per cent. of the supplies used by them are purchased outside of the United States and, as a large proportion of the men on American fishing vessels go on shares instead of wages, it is not quite plain how Canadian fishermen can be procured cheaper than American."

**A Wise Reform.**  
The habit of administering quinine in powerful doses, as an antidote to malarial miasmas, was once dangerously common. Happily this practice has undergone a wide reform. Not only the public, but professional men have adopted, not wholly, of course, but largely, Hostetter's Stomach Bitters as a safe and potent substitute for the pernicious alkaloid. The consequences of this change are most important. Now fever and ague sufferers are cured—formerly their complaints were only for the time relieved, or half-cured—the remedy eventually failing to produce any appreciable effect, except the doses were increased. A course of the Bitters, persistently followed, breaks up the worst attacks and prevents their return. The evidence in favor of this sterling specific and household medicine is of no ambiguous character, but positive and satisfactory, and the sources whence it proceeds are very numerous.

**Brewster's Patent Reel Holder.**  
You know where you put them—not under horses' feet. One agent sold 100 in 5 days, one dealer sold 6 doz. in 15 days. Samples worth \$1.50 sent. Write for terms.
